Matrix Furnace Blower (less Motor)

Applicable Boiler Models

- Matrix M100(V)

Kit Contents

- Furnace Blower (less motor)

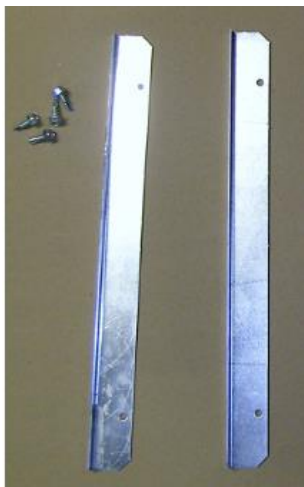

NOTICE

Mounting rail Transfer: The mounting rails must be transferred from the old blower to the new one. Care must be used to maintain the correct positioning of the rails to ensure proper mounting of the new blower.

Replacement Instruction

- 1) Remove the old blower motor
- 2) Remove the self tapping screw securing the mounting rails
- 3) Use a drill and driver to screw the rails to the new blower in the same location

Remove and transfer
Mounting Rails to the
new blower
